

# Jewelry Caddy

## SUPPLIES YOU WILL NEED

**CraZy TACKz®:** Round & Clear: 1 Orange box

**Paper Mache':** Dress Form

**Acrylic Paint:** White

**Decoupage Medium:** (your choice)

**Tissue Paper:** Filigree design

**Glitter:** Black and Red

**Dimensional Medium** (adhesive)

**Styrofoam®** brand foam: 1" thick disk, 8 to 10" wide

**Cardstock:** dark red, black and gray Harlequin motif design

**Tools:**

**Paper Punches:** Flowers, jumbo and medium; 1/16" hole

**Paintbrush:** 1" Flat

**Water bucket, Paper towels, Paper plates**

## INSTRUCTIONS

**Dress form:** Paint white. Let dry.

**Tear** a piece of tissue paper large enough to cover the front of the dress form, allowing extra tissue for finishing the edges. **Refer** to the photo and line up the tissue paper design with the front of the dress form. **Apply** a coat of Decoupage medium to the form; then **press** the tissue in place, smoothing out the ridges and air bubbles. **Wrap** around the edges to finish. **Apply** a top coat of Decoupage medium to completely adhere the tissue paper and seal it. **Repeat** with the back of the form. **Let** dry.

## FOR THE DIMENSIONAL FLOWERS

**Glitter the TACKz:** Holding one TACK by the hook, **apply** Dimensional adhesive to the clear stopper. **Sprinkle** this with glitter, shake off the excess. **Poke** the TACK into the Styrofoam® disk and allow to dry thoroughly. \*Designer tip: The foam disk is a great way to store your decorated CraZy TACKz® until you use them.

**Punch flowers** out of the cardstock. Each flower will have 3 or 4 layers of petals. **Punch a 1/16" hole** in the middle of each flower. **Stack** them, large to small, off-setting the petals to show each paper used. Adhere the layers using a dot on each of the Dimensional adhesive. **Poke** a TACK through the hole and adhere the stopper to the flower to finish.

**Final touches:** **Position** and **pierce** the embellished TACK into the dress form and **adhere** to secure. **Hang** jewelry from the TACKz hook!

\* **Optional:** Dress Form Stand: Poke a hole in the bottom of the dress form. Insert and adhere an easel for an added touch and added height.
